Nut Tree Prices For

Fall 1947

And Spring 1948

Plan to plant a nut tree wherever a tree is needed. Around the home they make beautiful trees and the nut crops will pay their cost in a few years. Do not put off planting trees for a tree planted this year is always a year ahead of one set the next season.

My supply of hardy, grafted trees is not too heavy on most kinds so place your order early if you want to be sure to get what you desire.

All varieties listed are of average three-foot height unless otherwise specified.

Broadview Eng. walnut (on B. W. roots)	\$5.00 each
Breslau Walnut (limited supply) b. w. roots	5.50 each
Thomas Improved black walnut, 3 - 4 ft.	2.50 each
Pollion black walnut, limited supply	4.00 each
Major hardy pecan trees, only a few,	4.50 each
McAllister Hican trees, while they last.	5.20 each
Abscoda Shagbark trees, some branched.	5.00 each
Rush Hazels plants, 2 ft. ht. (seedlings)	2.50 each
Craxezy butternut (on b. walnut roots)	5.00 each
Kinnyglen butternut on b. w. roots	5.40 each

Note: Kinnyglen is a larger nut than Craxezy and also a fine cracking nut. It bears very early here. Order two varieties for best pollination.

All stock shipped while dormant and prices are F.O.B. Union City.
